

Seminar & Workshop: Standardisation Management

Summary

- ✓ Course dates: December 12 – 13, 2024
- ✓ Course duration: 2 days
- ✓ Language: English
- ✓ Location: Online
- ✓ Certificate: Certificate of Participation
- ✓ Format: Online
- ✓ Lecturer: Prof. Dr. Knut Blind
- ✓ Price: 1235 €

Course overview

Standards are a crucial factor across the sphere of research and innovation. They form the framework upon which our technological and scientific development is built. Immerse yourself in the world of standardization processes and learn more about the intricate relationships between standards and innovation. In a time when progress and change shape our daily lives, we will closely examine the role of standardization in shaping our future and uncover the key concepts and connections between standards and innovations.

Course content

- ✓ Insights into the institutional landscape of standardisation
- ✓ Finding and interpreting standards documents
- ✓ Functions of standards
- ✓ Interaction between standards and innovation
- ✓ Interaction between standards and intellectual property rights
- ✓ Role of standardisation and standards for sustainability
- ✓ Standardisation in the context of public policy

Dates

December 12 – 13, 2024 (virtual classroom sessions).
